The Nevada Conservation League dedicates this scorecard to Maya Miller. A compassionate philanthropist, Ms. Miller was a no nonsense champion for environmental, liberal and progressive causes.

Many nonprofit organizations which serve women, children and the environment, owe their start to Maya Miller who provided funding for these and other groups over the decades.

Ms. Miller was one of the founders of the Washington, D.C. based Women's Campaign Fund. Emily's List, an organization which supports female candidates in national races, also got it's start with Maya Miller's help.

Generous not only with her money, but with her time, Maya Miller provided advice and hope for many. Ms. Miller leaves behind a void which will be hard to fill.

Maya Miller was greatly loved, she will be greatly missed.
